Addressee

To Whom It May Concern:

Attached is your compliance agreement and authorization to reproduce in facsimile form the "California Approval for Release of Intrastate Shipments" stamp. This stamp is to accompany all intrastate shipments of eligible commodities as specified on your Compliance Agreement or its attachment.

You may reproduce a facsimile copy of the attached stamp on invoices, postal meter devices and shipping labels. This reproduction is subject to my approval. The stamp must be reproduced in essentially the same format as indicated on the attached authorization and must be legible and conspicuous.

The Compliance Agreement outlines your responsibilities in order to comply with our quarantine requirements. Violation of the Compliance Agreement can result in suspension or revocation of your authorization.

If you have questions, please let us know. My staff will be glad to discuss requirements with you and review the manner in which you plan to reproduce the certificate.

Sincerely,

AGRICULTURAL COMMISSIONER
